#### THE NEW DRAW.

As our readers are aware, the draw span of the bridge at this place was knocked down by the steamer Gilmore. on the night of February 17th. We are indebted to Mr. Chas. Rost Pimekeeper, for the following infor-

new draw. The removal of the wreck was comnenced at once and proved a work of great difficulty, as the water was 55 feet deep, and the current about 40 miles per hour. During this work, Mr. Partridge. Roadmaster, was getting a large supply of timber ready on the south side of the river.

On the 20th, Mr. H. Bolla, Sup't of bridges, L. & N. R. R., arrived with Mr. Carroll, his assistant, and about twenty men from Louisville. The supervision of Mr. Bolla.

On the 16th of March the false work was complete for the iron.

All the men deserve great credit for every day, regardless of weather.

On the 17, the first piece of bridge iron was raised on the false work, and the building of the draw commenced. On the 24th, the draw was complete and ready for turning to receive the alone authorized to receive any and all cross ties and track. At 9 o'clock A.
